Greenfjord

1 1 48m²

The Greenfjord 1-bedroom design, with its classic gable roof, is perfect for those seeking ample personal space. It boasts an ultra-large bedroom with a walk-in robe and a spacious bathroom. The open-plan living, dining, and kitchen area creates a welcoming and functional environment, making the Greenfjord an ideal choice for those who value both comfort and room to relax in style.

80 External and internal LGL wall thickness (mm) shown in this drawing

External wall construction: 80mm LGL glulam mass timber walls plus ~120mm insulation and cladding if required

Floor plan can be flipped, must be specified on order

Customizable placement of windows marked red on the floor plan
